

Action For Real Change – Terminology List Of The NITA Movement By Cory Edmund Endrulat
UNITÆ – NITA – Nature Is The Answer – NITA.ONE (Term-Sheet)
Includes Natural Law Definitions Provided By Mark Passio

Complex Terminology:

(2) Usage In The Case Of Being A "Movement" In Quotes, As It Is Referred To As A Message & A Mission Interchangeably As One, Of Being The Optimal, Natural, Universal & Generational Blueprint To Save & Change & Sustain The World, Also Referred To As The One Unifying Counter-Agenda", Working With & For Nature, Freedom, Truth & Humanity, Also Giving Consciousness A Sense Of Question For Usage Among Human Nature's Creativity & Expression As A Bridging Or Connecting Guide For Objective Truth & Diagnosis Through Approach, Intention, Transition & Integration Alike, Of Understanding In Reducing Worldwide Harm At Any Given Time To The Optimum Through Simple Fulfillment, Preserving The Very Original Essentials In Life & In Bringing Down-To-Nature, Beliefs & Manifestos; NITA as It Is Abbreviated For This "Movement", Also Consists Of Promoting & Restoring The Lost, The Truth & The Present For That Of Particularly Living Life Simply & In Natural Coexistence With Knowledge & Understanding Of Natural Law & Ridding Of Statism For Freedom-Optimal Most-Voluntary Conditions, Created & Maintained By All Peoples Of No Rule Above Another. (nita.one/advancedperspective)

Nature: From Latin natura "course of things; natural character, constitution, quality; the universe," (Includes Natural Law) By mid-14c. As "the forces or processes of the material world; that which produces living things and maintains order." From late 14c. as "creation, the universe;" also "heredity, birth, hereditary circumstance; essential qualities, inherent constitution, innate disposition" (as in human nature); also "nature personified, Mother Nature." Nature should be avoided in such vague expressions as 'a lover of nature,' poems about nature.' Unless more specific statements follow, the reader cannot tell whether the poems have to do with natural scenery, rural life, the sunset, the untouched wilderness, or the habits of squirrels. [Strunk & White. "The Elements of Style." 3rd ed.. 1979] Innate And/Or God And/Or World And/Or Universe And/Or Intended And/Or Righteous Shall Work Alongside "Nurture" & Creativity, The Whole Originality. Not To Be Of Worship-Extremes. Works For Most Of Any, All Religious (God/Deity) Beliefs. Used In The Case Of Deism & Taoism & Transcendentalism etc. Sacred Feminine ('Mother' Nature) Of Need In Nurturing & Protecting

Answer: Meanings "conform, correspond" and "be responsible for" are from early 13c; that of "suffer the consequences of" is from late 13c.; that of "respond in antiphony" is from early 15c. Sense of "respond in act or action, give back in kind" is from 1570s; that of "solve, find the result of" is from 1742. Old English *andswaru* "a response, a reply to a question," from *and-* "against" (from PIE root **ant-* "front, forehead," with derivatives meaning "in front of, before") + *-swaru* "affirmation," from *swerian* "to swear", suggesting an original sense of "sworn statement rebutting a charge." Old English *answarian* "make a statement in reply," Meaning "solution of a problem" is from c. 1300.

Problem Solving The World With NITA: Nature (World, Life) When AT Question (?), Nature IS THE Answer (=) Natural Law (Nature) + You (Answer) = Nature Is The Answer (NITA); Root Cause: World IS Denaturing; Diagnosis: Through Nature; Action: With Nature Nature (Innate Blueprint) + Is + The + Answer (Response) = Cause & Effect = Natural Law; Therefore, Natural Law Grows As A Relevant Manifested Answer In The Grand Scheme (nita.one/perspective & nita.one/advancedperspective)

UNITÆ: You-nita, unit-Æ, UNITE. old english Æ means "law" of nature. (Alternatively "NITA") You make NITA, you ARE NITA, this website & material is for you. Love, often associated with unity as to be with UNITA. Æ associated with "e" and "A" sounds, hence unity(e) to UNITA. "Unit" means "single number regarded as undivided whole." Unity (interchangeably "unit") means being "one, unique, agreement." We are ALL one unit (unity) of natural law. Higher understanding, represented by UNITA: U-nita representing "university" meaning "whole, aggregate", alike "universal", where natural law is understood. Understanding is necessary for unity, hence UNITÆ. (nita.one/unite)

The Natural Way To Change The World: Being The Most Optimal Due Also To The Contributing Word "Nature" And The Contributing Word "Answer", But Also In It's Methodology To Action & Change, Through Understanding & Unity (Understanding On Mass Scales Through Conversation Of Awareness & Experience, Changing Minds To Change The World Naturally As All Provably Known). Therefore, Real Change (Most Optimal) Through The Movement Of NITA, For The Real Conditions (Most Optimal) Through The Living Of Natural Law. NITA Is Created & Maintained By Us, Therefore It Is Not Considered "Natural", But It Does Have It's Basis In Nature & In Seeking That Of Which Isn't Created By Humankind, Then Making It To Be The "Natural Way" As Also Giving Evidence To Moral Obligation Toward It's Creation (Diagnosis; Toward THE Way, THE Creation) For A Greater Cause, Greater Than Humankind (Nature).

NITA Is Simply A Recognition Of Movement (Hence Why "Movement" Is In Quotes), It's Simply Equivalent To Saying "Here's The Direction To Go", "Here's The Intended Or Necessary Actions That KNOWINGLY Go Such Direction" (Supportive Rather Than Authoritative, One-Unifying Counter Agenda, Way TO Change, Coordination Alike Order Or Integration), "Your Body Can Self-Heal", "The World Can Self-Heal." Simple Recognition Of Truths That Are Present Even Of Action, Again, "There Is Nothing New Under The Sun." Nothing Within NITA Shall BE Any "Law", Everything Within NITA Shall BE WITH Natural Law. (nita.one/perspective & nita.one/advancedperspective)

NITA Is A Bridge: NITA Exists Particularly As A BRIDGE CONNECTION Toward Knowledge & Further Understandings Through Way Of Presently Understanding One's Own Conditions (And Worldly Conditions) & Demonstrating Representation For Such (Being The Example, Teaching, 6-Step Speculation). From Individual To Nature To Individual, In Continuance (Teachers Utilize Nature). This Is Partly Why It's Encouraged Mostly 1-on-1 Closest-To-Human Interactions; Despite Planting The Non-Invasive Seeds Elsewhere & Everywhere (Ex. Flag Standing For Itself & Flag Seen Multiple Times & Questions Caused In Observer, Any Material Or Phrase Of NITA Utilized; Own Partaking Of Research For More Investment). (nita.one/perspective & nita.one/advancedperspective)
NITA Is A Bridge For CONSTANT (Generational; "Great Work") Collective Understanding (& Knowledge) Of Individuality-Standing (Power-Play, Conditions, Natures) = Mass Awakening Of Self-Responsibility

The One Agenda To-Counter (Statism): Statism, The Divisive & Negative Illusion (A Wrong Belief) That Government Is Necessary, Therefore Natural. This Is The Root To ALL Manifested EVIL In Our World Of An Otherwise Beautiful Nature Where Balance Strives Optimal. (nita.one/advancedperspective)
A Statist is an individual who erroneously believes that there is such a thing as "Authority" vested in certain human beings, magically giving them the "right to rule" over other people. This "Authority" means that certain people, who we call "Government," have the "moral right" to issue commands to those whom they rule (those under their "jurisdiction"), and that their "subjects" (slaves) have a "moral obligation" to obey the arbitrary dictates ("laws") set by their Masters. Most simply put, a Statist is someone who believes in the legitimacy of Slavery. (nita.one/advanced)

Individual 6-Step Speculation Change: Individuals Within NITA Are Encouraged (With Help From Others) To Face Fears (Step 1 Of Problem Solving, Step 1 Of Demonstration In The 6-Step Speculation) & Ask Questions (Necessary Conversations; Step 2 Of Problem Solving, Step 2-4 Of Presence-Evidence In The 6-Step Speculation), Creating Such Ripple Effect For Action (Aligned With Thoughts Due To Questioning; Step 3 Of Problem Solving, Step 4-6 Of Diagnosis In The 6-Step Speculation). Individual Actions At Mass Then Account For A Manifested Change Of Collective Action, Naturally. (nita.one/advancedperspective)

Logo Of NITA: Lantern (Light In Dark), Bridges (Connection), Hourglass (Time), Tree (Branch, Growth), Sun (Ripple, Life-Giving), Person (Form), Elements (Essence, Tools, Resource), To-Complete Circle (Whole, Balance, Unity, "Perfect" Archetype). N — Nature. I — Is. T — The. A — Answer. Colors Are Representative Accordingly. White Flag For Awaken, Simple, Open, Whole, Clarity, Completion, Unity etc. (nita.one/advancedperspective)

The Use Of The Common Freemason Symbol Triangle Is Not Generally Encouraged (However Dependent On Individual) Within NITA When It Comes To Public Appeal Due To It's Faulty-Nature Onset & Association That Is Not Ultimately Necessary To Display Underlying True Meanings (Such As That Of Consciousness & Balance, Or Peace, Love & Freedom). Such Also Gives Way To A New More-Neutral Nature-Inspired Symbol (Not Too Much Of A "Symbol" But Still Unique Due To It's Incorporation Of More Natural Elements & Simple Letters), Being That of NITA.

The Share-Sheet: The Foundation & Main Unifying-Factor Aside From Website; With Topic-List Intentions Of NITA; Conversation-Dependent, Front Page Of Website For Why Join The Movement Representation (Free "Join") Allows People To See Demonstration Of A Movement, But Also Question What Such Demonstration Is. We Want REAL Life-Long Change. SHARE! The Simple Promotion Of Question, Conversation And Thought Will Help Innovate Society (Critical Thinking, Challenging Mainstream, Creating Common Sense): This IS The End Goal. Setting Example For World & Generations. The Reason Why Nature Is The Answer (Promotion Of The Intended/ Lost/Truth/Present): Denaturing Of Our World, Great Healing Power Of Nature, Simplicity Of Nature, Natural Law Being Violated, We Can Understand Behavior & Consequences To Actions, We Can Be More At Peace With Simplicity & Fulfill Simple Needs Of Nature, We Can Create Real Change Based On Indisputable Universal Eternal Innate Truth, Lessening Government Demands & Implications, Promote Ability To Do As Born Or Intended, Upheld Human & Natural Rights. Nature Means: Innate And/Or God And/Or World And/Or Universe And/Or Intended/Righteous. Natural Law: Inherent Conditions (Cannot Be Changed, Not Created By Humankind). Despite There Being Many Conditions, The "Message As Mission, Mission As Message" Keeps This Quite Simple: Seeking Truth, Doing What's Right = Striving/Working Representation of Truth = The NITA Movement. Imagine what we can do if we bring the minds and hearts of many together, and know how to use it. This movement offers a binding message to those who want to do good and want to know how to keep & share such good... NITA. (nita.one/perspective & nita.one/advancedperspective)

Terminology Statements (nita.one/advancedperspective):

**NITA Guides Consciousness, Natural Law Governs Consciousness
Nature Is The Answer & Natural Law Is A NECESSARY Connection**

"Nature Is The Answer" Was Essentially Created For Problem Solving (By Even It's Own Phraseology) & Generational Sustainability (Moral Obligation, Relevance) By Simply Using Human Nature, With & For Nature. The Essential Message From Nature, For Nature (Truth), For Us All (Perception) Within Nature.

Natural Law (Understanding Action; Of Reality) Is NOT NITA (Reaching & Maintaining Natural Law With Action; Of Perception), But Our Work Is To Align The Two As Nature Intends (Human Nature Expression).

Natural Law In The Connection To NITA Provides Particularly Focused-Diagnosis Upon The Greatest Threat Of HARM Done To The World; Focused Here In Particular Is "Government" & "Statism" (Belief In Authority). While Other Diagnosis Can Be Made, This One Is Of The "Movement" Goal Of Highly-Evident Necessity.

The Direction Should Be Evident. Given Direction, People May Lead Themselves, Otherwise They Will Be Pushed In The Wrong Direction Because They Cannot Lead Themselves. We Can Provide Direction For One Another As Well As Help Understand How We Lead Ourselves.

**NITA Is Not Of ANY Politics; Politics Must Be Brought To Nature.
NITA Is Not Of Any ONE Religion; Religion Must Be Brought To Nature.
NITA Is Not Of FAKE Currency; Economics Must Be Brought To Nature.
NITA Is Not Of ONLY Science; Science Must Be Brought To Nature.**

What About Your Sources Of TRANSFORMATION? For NITA, This Includes The Flag, Business Cards, Fliers, Share-Sheets & Other Materials To Hand Out However Dependent On Your HUMAN NATURE OF TEACHING & CREATING For Nature.

The WHOLE Of NITA Comes Of Greater Necessity To Those Who Wish To Become More Leading-Guides (Messengers).

The OPTIONAL Documentaries & Other Video Content Spanning 40+ Hours & Other Texts & Diagrams (By Cory Edmund Endrulat) May Only Help INCREASE & DEFINE Your Perspective Among NITA; To Act Diligently & Aware Of Different Openly-Speculative & Causal Conditions. Resources Are NOT Limited To That Only Of My Creation Or That Only Deemed As About NITA; It Depends On The UNDERLYING MESSAGES & PRINCIPLES. If You Study Natural Law, NITA Is Therefore COMPLIMENTARY To Help Further Define Specific-Action-Steps & Resources Within Your Life In The Transition For Change & For Others To Also Learn & Apply The Natural Law (Termed "The Only True Solution" By Mark Passio).

**In The Lens Of NITA, What's In Abidance To "Natural Law"
May Be Seen As What's In Abidance To "Nature"**

Denature/Nature +/- Question/Answer

Belief Should Not Be The Appeal For NITA, Nor Should Emotion, Thoughts Or Even Any Action. It Is The Combination Of The Three Expressions Of Consciousness At Use That Should Best Make Up The Whole Optimal Appeal To & For NITA & In Different Forms (Creativity).

While Natural Law Is Also Generational, Innate & Universal, Nothing Is Going To Fully Ensure That It Stays In Humanity's Circulation Of Harmonization & Understanding & As A Core Part Of Life Unless NITA Can Help Deliver & Remind Such Message Through Time Forever Past The Goal Of The Dismantled Systems Of "Statism", Hence The Mission (Always Work To Be Done, Not Repeating History, Teaching Of Statism Through The Lens Of Slavery In Nature).

The Intention (Feminine) Is Nature (And Therefore Natural Law), The Action (Masculine) Is Answer (And Therefore NITA) Yet, Nature IS The Answer, Therefore The Two Need Each Other. While Action Is Necessary, So Is Intention. While Answers Are Necessary, So Is Nature. You Are Then To Be The Question, The Feminine & Masculine, Of Connecting Nature To Answer & Intention To Action, For Nature Is The Answer; Are You For The "Movement" (Connection, Promotion) Of NITA? From Word Placing, To Word Speaking, To Action-Doing, To Doing Of Moral Obligation —Are You Of Movement Itself? Then For What Would Such "Movement" Be & What Would It Ultimately Be For? Nature Is The Roots, Therefore The Best Answer & For The Best Questions.

You Are Indeed Responsible For That Of Which You Create On This Earth, As Well As Too With NITA; For Creation Is Core To It's Existence & Prevalence As We Are All Born Creators (Hence Contributing To Our Supple-Mental Or Compli-Mental Nature)

Nature Is The Answer = WHY Is The Effect = Nature Is The CAUSE & EFFECT (Natural Law). If Human Consciousness As A Whole Must CHANGE For CHANGE, Such Whole-istic Movement Is NITA. MANIFESTED Realities Only Come Into Place When INDIVIDUAL Change Is Replicated Across The Whole Current Reality (Unity).

Wrong Is Always Going To Be Done; It's About Lessening Harm As A Whole-Manifestation. We Learn From Wrong, Just Alike Trial & Error. Let Us Not Just Learn From Experience, But Also Awareness Via The Law & Conversation & Thought.

Conscience Is "To Know Together", As NITA May Then Be Seen As "To Act Together" However In-Acting (Enacting) To-Know.

People Wonder Why Common Sense Is Leaving, It Is Due To The Lack Of Direction & Common Understanding Or Even The Seeking Of Such, To Where NITA Is Only That Of Which Is Going To Revive & Abbreviate Our Human Nature Of Doing & Being. Together We May Know, What Is Here To Know Together; As Too, Together With Both Natural Law & "Nature Is The Answer" (NITA).

Just Because Society As A Whole Has Been Denatured, Does Not Take Away The Natural Law Or Mean We Can Provide Any Excuse To Denaturing Society Even Further, Toward More Negative Expression & Harm. Again, Many Individuals Would Rather Learn From Experience, Rather Than Awareness Although It Can Help Prevent Mass Causality.

By Knowing The Manifested Harm Being Done To The Environment (In Any Way, Simply Look Around & Observe World Events), We Can Tell That There's A Manifested Cause The World Is Unconscious Or Not In Control Of.

**We Are Boycotting The Government (No Statism)
Not Taking Part In It's Product – Slavery (Not Consuming Your Life)
Non-Sustainability For Government = Sustainability For Nature**

**Collect Information + Collect Individuals With Love
=**

Create Transformation + Create Communities Around Truth

The FORCE (Defense) Of Love = The MOVEMENT (Act) Of NITA

**Quality (Guides; Nutrient; Natural Law) + Quantity (People; Calorie; NITA)
= Moving Toward Freedom**

**To See The Hole In Front Of Us, Is Up To Us; If The Hole Grows Bigger, We Will Moreover Inevitably See It But Then There's Question As To How Late We Were To Seeing It & If We Could've Prevented It's Growth Or If Anyone Has Fallen To Such Even Before We Recognized It, With Also The Question Being If We Can Recognize Or See In The First Place. Such Scenario Is That Of Which Nature Is The Answer, From Our Very Nature, To The Hole. The Very Ability To Understand (Or Any Human Nature Ability) May Be Compromised (Denatured) Regardless Of Natural Law From Such Point, If We Cannot Promote Conversation & Acts Of Simple Human Nature Through Way Of NITA, Now & Always & Forever As Intended. NITA Is Not Required For This To Actively Work, But It Will Help In The Coming-To-Be. Technology, Coming Of The Mind, May Very Well Also Compromise It Or Any Other Bodily Function If Not For The Realization Of Humanity's Natural Living-Being With Nature; Threats Of Technology Are Greatly Lessened In The Riddance (Disintegration & Demotion) Of Statism (Slavery) Or Other Manifested Denaturing & Dehumanizing Threats, Then With The Active-Promotion Of Freedom & Integrative Creativity (Trade & Economics Through Voluntarism). The Power Of NITA & Also The Power Of Harmonization Of Natural Law Is Laughable & Insignificant Without Mass Amounts Of People Reaching Out, Hand-In-Hand, To Mass Amounts Of People & Actively Being The Change Within Their Own Lives; There Is No Laughing By The "Elitists" When Their Denaturing & Dehumanizing Agenda Is Broken & Out Of Control; Hence Why They May Make Appeals As If The World Is Then "Out Of Control" When It Isn't, It's Simply In Our (Humanity's) Control & In Transitioning To Generational Sustainability Where None Has Any Place In Hierarchy & All Has Place, Equally As Human Beings Of Nature On Earth, Using The Human Brain To It's Best. One Must Have Confidence For That of Being On The Pursuit For Truth; Learning HOW Individuals Can Be Controlled By Very Few, Can Then Also Help Us Know HOW We Can Be Uncontrolled By Man & More Controlled By Our Nature Within Nature, Where We Belong. Once Fighting Nature But Living Among & Seeking To Harmonize, Now Seeking To Replace It (Therefore Also Fighting, Claiming & Believing To Harmonize), NITA Seeks To Harmonize With It As It's Intended In Natural Law's Positive Expression (Optimize Our Natural Livings). We Use Similar Appeal Strategies To That Of The Influential Agenda, But No Dehumanizing & Denaturing, And Actually For Promoting A Righteous-In-Nature Cause, Due To Objective Morality Under Natural Law.
Action (Masculine) & Intention (Feminine), Both Of NEED.**

When There Is A Balance Between The WHY (Intuition, Right Brain) & HOW (Action, Left Brain), WE Act As Our Proper Role Among The Human Brain For Working Alongside NITA, Whether With Or Without The Recognition Of NITA. However, If We Connect Our WHY & HOW To NITA (Recognition) & Natural Law Alike (As Done Also Here), Then We Help Pave The Way For Others (Hence A Guiding "Movement" & Governing "Law") Aside From Ourselves & Remain The Accountability In Circulation For This Balance To Persist Among One Another With Active & Coordinated (Integrative) Efforts. You Should KNOW What You Are Representing (Obligated By Question), It Should MEAN (Intuition) Something To You; Then You Are Also More Likely To ACT. What Are You Representing? What Is That Logo? What Is NITA? Nature Is The Answer. Why? You Come Into Play For Nature Is The Answer (Dependency On You, The Free Will Component). NITA Encourages That Your Representation Is Also That Of Your Own Creativity (You Of NITA As You ARE The "Movement", Right Brain, Intuition), For If It's Based Also On Intellect (Left Brain, Action), Intelligence Is Being Expressed Among The Natural Intelligence Of Nature (Symbiotic & Synergistic Relationship; Actively Being The Change). As Born Creators & Forms Of Creativity BEING The Appeal, It Is Our Duty To Have This Become A Great Focus For The HOW As Long As There Exists Any-Some WHY. Although There Is Not Much Talk Of WHY, Those Who DO Delve Deep Or Speak Upon The WHY, Do Not Necessarily Have A Detailed Blueprint As Such As NITA To Help Put Necessary Requirements Into Action Especially Upon Worldly (Amassed, Manifested) Affairs (World-Effort Cause & Effect, Alike Eliminating Statism). We Should Not Get Caught Up In Action Nor Intuition (Or Any Left Or Right Brain Elements) Or Absorbing All Day Or Meditating All Day (Although Non-Action As Taught In The Tao Te Ching, Is Integral), The Truth Remains In The Center-Path Worldview Balance That Considers The ALL Of Nature. While Many In The "Truth" Or "Freedom" UNORGANIZED (Or Non-Unifying, Non-Whole, Non-Generational etc.) "Movements" May Not Fall Into The Chronic Imbalances Of This Mental Schism, They Too May Be Shrouded By Confusion & A Lack Of Sustainability, Leading Back To The Two Different Brain-Imbalances Without Any Given Or Built Structure To Hold The Balance Into Place. It Must Be Abbreviated That One Who Understands Natural Law Will Still Only Be Of The Deterministic Component If The Random Component Of Free Will Is Not Applied. This Free Will Is Built Into The Foundation Of Being Actively Promoted & Reminded In NITA, (Integration & Promotion; Hence "Motion" Alike "Movement"; Hence "Integral" "Ration" For Necessary Sustenance & Connection) As NITA Is To Showcase Such Very Facts Of Human Nature Usage. As We Know, Nature Being Of Natural Law & Answer Being Of Us. "Nature Is The Answer" Is A Continuing Expression Of Free Will (Creativity By It's Logo, Ideas, Need Of Material, Voluntarism).

The Individuals Part Of NITA Help Make Up The Inside Of The NITA Program Which Relies Inside The Natural Law Operating System; Therefore Individuals Should Consider NITA & The Natural Law As They Exist As Operating Conditions For Which They Exist Within In Contributing To The Human Condition. There Is Then Question As To How Much An Individual Contributes To NITA Being That It's Of Voluntary Installation, However This Question Among Many Makes Sense Due To The Own Nature Of NITA Being That Of Which Nature Is The Answer, What Is The Reason (Why) For An Individual Not Contributing Toward A Greater Cause (NITA) They KNOW Is Complimentary To The Natural Law Of Which They May Also KNOW (Ignorance)? Knowing Why, Is There Honesty? The How Is Detailed In NITA But Also All Around Your Own Life, Therefore Questions Remain For Why, If The How Is Not Being Carried Through. Among Nature Being The Answer, Human Nature Is Too As Observed Here, As Well As Then Looking At The Nature Of Any Environment Or Condition As We See By Concluding Further Definitions & Understandings. By Bringing A Child's Foundation Back To Nature, It Is Ensured That Child Is Being Properly Nurtured With The Support & Guidance It Needs; Similar Goes For All Of Humanity In The Stresses Of Life. If Children Have This Basic & Essential, Fundamental Foundation To Their Life, They Are Set FOR Life; Alike, If NITA Has These Same Elements Within (Lead By Example) For Nature, The Mission Is Set FOR Nature. Within Such A Society Where Statism (The ONE Agenda To Counter That Is Reliant On This Dependency Program) Is Not Existent Due To NITA & Natural Law, Culture Naturally Goes Into Place Through Time, There Is Greater Emphasis For The RESPONSIBILITY & CARE Of Also Taking Control (Where It Belongs) Of One's Own Life & Their Family (Includes Children) To Then Where The Behavior & Life, Output & Screen Are Living The Most Optimal, Intended & Sustainable Form For The Very Opposite Of Questionable Or Deteriorating Conditions (Therefore Then Also Producing The Most Intelligence Due To Worldly Intended Balance & Justice Served Through Natural Law). Is NITA Part Of Your Toolkit If Unity Helps Precede Change? If Part Of NITA, Is Natural Law Part Of Your Toolkit If It Within Itself Proves Statism Immoral & Objectively Wrong, As Well As Providing Understanding Behind All Actions & Behaviors As Occult Knowledge To Keep In Societal Circulation For Worldly Empowerment & Integration & Learning?

NITA In (To You, The Guider; Question), NITA Out (For Natural Law & Nature, The REAL Governor; Answer). The Essential Understanding Of The Human Condition At Any Point Of Time Is To Know Where We Stand IN, What Mess Do We Put Ourselves IN; If NITA Is All Including You, It's What You Are IN & It's IN Your Life (As Within Natural Law); It Should Come Of Positive-Expression (Of Natural Law Attraction) Benefit OUT For Both You & The World. The More Effort We ALL Put Into NITA, The More We ALL Get Out. The More Effort BOTH Intuitively & Action-ably Within Our Own Lives (As Part Of NITA), The Higher The Quality Our Life WILL ALL Become When Replicated On A Mass Scale. All Peoples Do Not Need To Be Of NITA, However The Majority-To-All CAN, The Beliefs Matter Most Here; For Any System Cannot Continue Or Strive Without Such Belief-Dependency In The Majority-To-All Of Those Being Controlled (Slavery In The Case Of Statism; Program-CHOICE Due To Your Freedom You Should NOT Suppress Or LET In Being Oppressed). Since Belief Systems Have Existed As Such, It Is Not Impossible To Undo & Create Another Based On Actual Law & Truth (Natural Law; Nature). Therefore, The Internal Is Just As Important (If Not More) As The External; WE Must Be The Change That We Want To See.

Being That Understanding Helps Us Make Decisions, Then It Follows That If We All Agree (Based On Many-To-All Seeking Understanding) On The Same Terms, We All Agree To A Certain Decision & Therefore A Certain Direction (NITA); If There Is Truly Knowledge (As Such Through Natural Law) Behind Such Decision, Then It Works In Accordance With Natural Law. Upon The Expansive Conversation Nature Of NITA, The Quality Of Decision-Making Will Improve Through Time As Comes Greater Understanding For The Wisdom Or Associated Action. NITA Itself Is Based On The Wisdom From The Gathering Knowledge Of Natural Law & Understanding Of Action-Requirements To Take & Fulfill For The Manifested & Desired Reality. Such Manifested Reality Is That Of Which All Human Beings Coexist In A Voluntary, Self-Sustainable, Natural Law Abiding & Free Society (That Of Nature) With A Message As A Mission (NITA) To Pass Along From Generation To Generation In Looking Back At How Society Has Transitioned, Where It Is Now, How You Came To Be Etc.

Thought & Question Is Core To Conversation Especially Upon Acquiring New Information. The Natural Law's Principle Of Correspondence Is Key In NITA, As Those Part Of The "Movement" Should Likely Reflect It's Main Values (The Share-Sheet) To At Least Some Extent, As A Necessary Requirement For Understanding & Unity; Correspondence Plays A Great Role When Looking At Individuals (Microcosm; Answer Applied By Question With-IN NITA) Changing Themselves On A Mass Scale To Then Where Manifested Reality (Macrocosm; Answer In Circulation By NITA, Therefore Creating Need With-OUT Or Less NITA Relevance) Comes Of Such In Reflection, Naturally. When One Large Fabric Of Nature Is Denatured, Just Alike An Essential Organ Being Of Disease Or Impairment In Function, Then It Comes To Be Where The Whole Of Society (Or The Body) Becomes Denatured In Other Aspects (Since All Is Connected) As To Become Self-Similar (Normalization, Conformity) Or As Much As To Show (Or Message In Different Ways) Any Accumulation For Need Of Balance. If Any Individual Were To Make Correlations Within Society, Noticing Correspondence As To The Cause & Effect Of Problems Observed, They May Find The Need To Make Reflections Of Their Own (Personal Action; Being The Change) In Order To Correspond (Reflect, Definition Of Answer) A Desired Manifested Reality (Nature; NITA). Upon Natural Law's Principle Of Vibration, The Idea That "Everything Moves" Is Core In NITA, As For Being Called A "Movement" & Desiring To Keep & Restore The Usage Of Our Very Human Nature (Natural Movements At Intended Use). Energy Is Key For Not Only Facing Fears & Being Brave & Having Conversations, But Being Able To Attain & Retain & Understand Knowledge, Alike For That Of This Power-Point Or In Understanding Natural Law. A World With A Lack Of Energy, Yet So Energy-Dependent Is Not Only Not Responsible, But Likely Putting Their Energy In Wrong Places & Consuming The Wrong Energy-Forms (Denatured Foods, Flashy Media; Not Addressing The Root Cause, Unable To Function Properly). If Energy Is Manifested & For The Objectively-Moral Causes ("Movement" For & With Such-NITA), Perhaps Our Vibration Is Akin To More Of That Of Nature's Abidance (Due To Nature Having Vibrations Of It's Own & Vibration Being Of Natural Law; Often Observed In Music, A Creative Form). If All Moves (Mind-Vibration), What Do You Move With Among All? Move (Intro Or Motion) - Ment (Mind), What Will Move The Minds (The All) Of All, If All Needs Movement To Nature (As Nature Also Intends Movement)?

There Will Surely Be Tides Within NITA, As By The Nature Of Any "Movement" Not Ever Being "Perfectly" Swift In It's Flow; The Process Of Normalization & Transition Can Within Itself Have Causality, The Question For Generational Sustainability However Lives With Short-Term Verses Long Term Effects (6-Step Speculation; "Controversial" Stage May Mean Short-Term Faults, To Which Knowledge Must Be Consistent With Understanding That The One Opposing Agenda May Try To Prove In Saying NITA Is Not The Answer For Power-Grip, Despite NITA Speaking Upon The Answer Within Itself, Certainly Not Relying In Any Media; The Stronger Humanity & Nature May Be Compromised, The More Casualty There May Be However Still Dependent Upon The One Ultimate Agenda Schism).

Everything That Happens Within NITA Does Not Stand For NITA Itself; NITA Stands For Itself (By Definition), Despite It's Representation As A Movement Then Dependent Upon Us (Not Any Singular Figure) But Particularly, The Share-Sheet As For The Unifying-Ground To Then Be Digested By Us. Indeed, We Should Stand & Be The Change For Nature, Shall It Be The Answer We Strive For; Hence Why The Flag & Share-Sheet Of NITA Stands For Itself While We Stand For Ourselves & The Truth (And Nature). However To Understand (Then Therefore, Unify Around) NITA, Alike Natural Law, Is To Align Our Actions To It (Conversation, Representation). Nothing Escapes Natural Law, Anything May Escape NITA But Being That NITA Is Simply Of Recognizing These Action-Oriented Aspects Within Natural Law & Society, One May Still Work With Or For About It In Different Ways; Without Representation, It Becomes Harder For Others To Understand Such Ways (Cause) & Therefore Unify For A Mass-Scale Manifested Change (Effect). Again, While NITA Is Not Necessary, It However Entails What Is (There Shall Be No Shame For Non-Representation, However There Should Be Encouragement With Reason, As Such Includes That Of Promoting Natural Law), As It's Moral Obligation For Requirement Is Dependent On Relevance. Dependency & Responsibility Into Different Factors Speaks Much On Behalf Of Cause & Effect Still Being Done. All Individuals Should KNOW What ALL (The Mind Behind) Their Actions Entail, Shall They Truly Want A Desired Outcome For ALL (If All Happens For Reason In Nature, Do You Do All You Do With Reason? How Much Reasoning Is Put Into Your Reasons? Does It Abide To Natural Law?); Also Prepared To Face Natural Controversy As Does It Come With Delivering Truth & Nature In A World Away From Truth & Nature, Can Others Support You? Do You Live With Your Crowd (The One Which CARES)? If NITA Goes Unrecognized, Will Natural Law Ever, To The World & Through Time?

We Are Away From Nature & Therefore Must Return As An "Answer" To The Problems Of The Current Reality. All Power To Affect Change, Lives In The Individuals Within NITA Seeking That "Why" Through Way Of Nature (Or Natural Law) To Fix The Problem With The "How". Again, Going About Either The Why Or The How, Without One Another, Will Best Not Result In The Desired Manifested Reality (Trapped). When Humanity Realizes (Through Recognition Of NITA) The Largest Causes (Denaturing, Nonalignment To Natural Law) To The Largest Problems (Symptoms, Effects), Then They Have Found The Answers To What Could've Led To Even More Or Highly Intensive Problems (Statism).

While NITA Is Not A Lost Principle (Although It May Be Considered A Principle), It's Of Complimentary & Relevance-Necessity In Connection, To Be In Circulation Of It's Creation For Generational Sustainability & Of Recognition In Change By Way Of CARE (The Lost Principle). Care Is Generative, Just As NITA Is Generational; Therefore, The Care (And Relevance) Is The Factor Truly Caring It On. NITA Encourages New Forms Of Experiences, For Desperate Times Calls For More Desperate Measures, As Long As They Still Abide To The Efforts (Attractions) & Successes Of Cause & Effect & Natural Law. It Then Makes Sense As To Why Creativity (Related To Generative) Is Necessary In Promoting & Upholding NITA. If We Care For NITA & The Actions Toward Unity & Change Through Understanding Beliefs (Natural Law In Circulation) & Creating Change Within Our Own Lives, And NITA Cares To Do This In It's Very Blueprint; Then Our Minds Set The Stage, It Comes Into Practical Fruition As We Know It Can Via Cause & Effect. Rather Than Information Through "Saying", Transformation Is Through Acting. Actions Include Going Out Of Your Way To Create Conversation For KNOWING If It Can & Will Result In Change (Don't Waste Your Time With Conversations Of No Action Or Care). Therefore, It Then Also Helps To Inspire Others To Create For Themselves & Have Care To All Affairs In This Matter & For Their Own Benefits (Including Health, Destiny, Etc.). As Long As We Still Seek The CAUSE (The Why) Through Such How, Then Real Change Will Be Achieved; Therefore Dependent On Ourselves & NITA. The "Natural" Perspective Through NITA May Highlight The Benefits, Due To All Of Our Connections Inherently To Nature. We Were Born To Be Active, Not Inactive; Such Does Not Necessarily Mean No Non-Action As Taught In The Tao. Necessary Conversations Are Necessary Actions; Spewing Words Without Any Sense Of Change Or Motivation Is Not For Change.

Without Time & Attention Dedicated Toward The Care & Effort Of The Cause Of NITA & Natural Law, Such The Value Of The Manifested Effect Will Not Be Of Any Worth. In Other Words, The More Time & Attention Toward The Cause, The More Value Coming From The Effect. Just Alike "Work", What Are You Putting Work Into? Is Such Work, Worth It In Return? Do We Know How To Spend Wisely? Such Speak Upon Spending Wisely, Is What The Share-Materials & Blueprint Of NITA Seeks To Solve, To Where It Is Of Being A Guide To Provide Direction To Any Individual Who Partakes In The Journey Within NITA. The Materials (Including Internet Videos & Info-Graphics Etc.) Are Provided By These Individuals For One Another As Well, However The Blueprint Speaks Upon Use Of Human Nature Which Doesn't Necessarily Require Materials, Although Of Complimentary Use. It Is Important To Know That Practice Makes Perfect & That If Nobody Were To Speak Of The Truth, Who Will. If Nobody Were To Seek Unity (Which NITA Is Of The Only Truly Grassroots Movement Around Natural Law), Then Who Will. In Light Of Motivation & Inspiration To Which All Material Shall Also Provide, If You Keep Attracting, You Will Attract. What Will Not Only Improve Ourselves But The World Around? NITA Thinks Big Within it's Blueprint, To Where We Be The Change & Go Outside Our Echo-Chamber Or Fear-Boundaries To Be Brave & Reach New Heights, Yielding New Relationships & Health Benefits, To Then A More Manifested Reality With The Impact Of Multiple Peoples & In Recognition Of Your Help With Them (Becoming A Leading Guide- No Seeking To Rule, Only Help & Build). To Build Anything Requires Resources, Then Knowledge Of How To Use Said Resources, Then The Amount Of People To Ensure It's Progress; These Questions Shall Best Be Provided Under The Structure Of NITA When it Comes To Unifying To Change The World (Integration & Promotion), To Which Natural Law Within Itself Cannot Provide. Do We Seek To Not Only Improve Ourselves But The World Meanwhile? Such Also Gives Reason To Always Give External-Action At Any Point Of Time, Even If It's Small Action Steps (You ARE Always Capable In Someway). While Sometimes Excuses & Negativity Is Of Focus, Such Will Not Help Us On Our Journey; Set Your Mind To Set The Stage, As Time Is Often A Limiting Factor For Many & Attention Is Often Distracted By Technology & Mass Media Of Any Kind. Just As It's Important To Question Our Spiritual Currencies Upon Life, We Should Alike, Question All We Do & What Attracts (Or Comes Of It) As In Previous Reference To How We Build Our Reality; Again, Any Such Building Has Requirements & Expenses. Are You Doing Your Best For The Best & Do You Care?

Self-Control = Self-Mastery = Self-Ownership

Anarchy By Definition Correlates To No Rulers, Not No Rules; Not In Any Sense Does This Correlate To Chaos, For Most Populations Already Co-Exist. All NITA & Natural Law Teaches Us Is To Optimize Our Livings, By Less Violations To Such Real Law & Nature (Examples Include No Taxes Or Innately-Immoral Behavioral Conditions Pushed Onto Masses). The Saying Goes "Freedom Is Dangerous, Slavery Is Peaceful" Also Giving Meaning To That Of Natural Obligation For Self-Responsibility (More Meaning To One's Own Life; Living As Intended). By Bringing & Opening All Knowledge To The Public, For The Public; The Power Remains Where It Ultimately Belongs. No Human Beings Shall Be Slaves, Nor Willing Slaves; All Deserve To Live Their Best Life. Nature Is The Answer, Slavery For "Peace" & "Security" Is Not; Such Fake Man's Law Utopia Is Never Long-Term Sustainable Or Natural.

Of Multiplicative Expression In Connecting Many Previous Points, Love (Symbolically The Heart) Opens The Conversation, Whereas The Conversation, Thoughts & Questions May Help Our Consciousness. Fear Is The Biggest Limiter When It Comes To Taking Such Actions & Actively Reaching Out To Create Conversation, Therefore Limiting Consciousness & Potential, New Heights & Bravery. Remaining Of Knowledge Is Then Key During The Conversation To Explore New Information, Connect Different Ideas & Keep Information Afoot, Discerning & Correlating For Truth For The Righteous Actions Thereafter, Rather Than Being Stuck In Ignorance & Taking Actions That May Not Reside In Truth. All The Positive Natural Law Expressions May Be That Of Which Is Done In The Intentional-Name Of NITA To Help Share The Cause & The Reasons Behind Such Cause. Sovereignty Is Promoted Within NITA Due To No One Person Being More Special (Claiming To Have Rights You Do Not Have) Than Another In The "Movement" & The Active Promotion Of Individual Efforts & Self-Sustainability. Such Is In The Nature Of Guidance & Support For One Another Within NITA, As Well As The Set-In-Stone Foundation Being The Share-Sheet, To Clear Confusion. Freedom Is Best Increased With Morality, Coming With Such Respect For One Another & Living Under Natural Law (Free From Man's Law Restriction-Nature). Instead Of Mass Control By Few, There Shall Be Mass Control By All One-Selves As Intended In Nature. Order Exists With Natural Law & Nature's Own Balance, Upon The Correlated Transitioning, Self-Sustainable & Generational NITA Blueprint Of The Message To Carry On The Mission.

To Clear The Way From Distortion, Such Details The Unifying-Factors Of NITA (Website, Share-Sheet) To Speak Upon What NITA Is NOT & What It Does NOT Actively Seek To Do (As Also More Defined Here). If NITA Is Simply Recognition Of Action, Then NITA Is Not Equivalent To Taking Action (And No "Movement" Should Claim To Be); Action (Includes Movement) Is Dependent On You, You Are Not Going To Create Desired-Realities Without Taking Required-Action. NITA Should NOT Be A Limiting Factor, It Should Help Guide You In The Appeal & Transition To Desired & Natural Change (With & For Nature). If No Human Being Has The Actual Natural Right To Rule Over Another, It's A Matter Of Saying "No" (Disintegrating & Demoting; Apophasis) & For Others To Recognize Such Inherent Truths. A Movement That Is Not Based On Universal Truth & Does Not (Or Does) Intend To Create Universal Change Will NOT Be Sustainable & Achieve Worldwide Change. The Complimentary-Connection Between Universal Truth & Universal Change (And Unity) Is That Of Which Is Also The Mix Between Natural Law & NITA.

By Allowing Livings To Become More Of Nature, Everybody Takes Greater Responsibility Within Their Own Lives, To Where Harm Cannot Manifest In Some Top-Secret Government Cover-Up Type Of Situation, As Seen Time & Time Again. In Other Words, Large Natural Law Transgressions Are Less Likely To Take Place In A World Less Easily Controlled & Vulnerable. Man's Law Seeks To Rid Of Natural Law, Because The Very Nature Of Natural Law Is To Disprove The Very Need Of Existence In Man's Law & Government. NITA, If In It's Goal To Live More In Accordance With Nature, Shall Best Teach Natural Law Through Such Way Of Knowing Rights & Morality As Prime & Principled Factors.

The Simple Quotes & Sayings Shall Not Be Underestimated, Nor Should Any Of Our Ancient Understandings Of Life; All In Nature Has Reason (Cause & Effect). NITA Doesn't Seek To Actually Introduce Anything "New" Being That It's Of Recognition Of Action, Simply A Forever-Concept Brought Into A New Form (That Is Unique Compared To That Of Other Movements), It May Then Be Seen As To Improvise & Of Creativity In It's Own Form To Inspire & Motivate Further Creativity Thereafter. Being Part Of NITA Is Nothing More Than Representation, To Portray Your Presence, As You Yourself Shall Represent The Truth; However The Part About You Is On Your Own Behalf, Nobody Lives Your Life, Nobody Shall Even Tell You What To Do (Even Without Initial Harm; Stick To Principle & Recommendation), Because If It's Rooted In Unconsciousness, Then It May Still Result In Harm (Not Accounting For Individuality & One's Own Environments). NITA & It's Share-Sheet Remains Forever AS IT IS, To Not Be Changed For The Very Reason Of It Being Considered A Foundation (To Also Unify). To "Unify" In NITA Is Also Term For That Of Mass-Understanding Around Similar-Sharing (Natural Law). In Truth, No One Person Should Actually Be Able To Single-Hand "Change The World", But That's Why "Natural Change" Also Accounts For That Of Which Is Simply Being Within Generational Sustainability (Change Consistency) As The Term "Change" Should Not Have To Apply To That Of The Entire World Or Mass Populations Unless Those Mass Populations Have Done Wrong Themselves As Violations Upon Natural Law; Everything In Nature Is At Constant Change Without Such Need In Word.

The Natural Law Is Static In It's Nature. It Shows Us The Power Of Belief To Know That Many Individuals May Truly Believe In A Some False Reality, No Matter How False Because They Set Their Mind & Surrounded Their Ideologies Around Such. This Stands As Reason To Question Everything & Everybody, Including Myself & Those Within NITA; For Again, You ARE The Movement, Not Just Them, And They May Not Reflect NITA Or Natural Law As Much As You Do (Although None Do Perfectly). This Isn't A Competition However, Anyone Has Just As Much Potential As The Anyone Else, If Not More In Different Ways. Respectfully, No Matter Where Anyone Currently Stands, I Respect Them For Their Learning Position. Gain The General Sense Of Understanding Upon NITA For Taking Action, The Depth In Understanding NITA For Taking Even Greater & More Coordinated Action; Alike Natural Law. While You Shall Create Of & Within NITA, In Different Forms, All NITA Asks Of You To Do Is Reach Out To More People, The Universal Truths (Including The Natural Law) Of All Peoples, So That Such Creations May Have More Intention, Understanding, Inspiration & Connection.

How Does NITA Help Get Rid Of Mass-Mandates, Because It Violates Natural Law? By Creating Movement Around These Ideas Themselves & To Many Individuals With Such Movement, All It Takes Is One Large City Or Neighborhood To Stop Paying Taxes For Example (Representation Leads To Ripple Effect), To Where The Federal Governments Of The World Cannot Be Able To Resist Against These Masses (Apply To 6-Step Speculation; Reason, Inform, Act). Especially If The Police Who Are The Ones To Carry Out The Resistance, Are Also Affected By Such Reasoning & Understanding Of Simple Human Natural Rights Under Natural Law. As Previously Described, It Is Easier In Application (Less Harm To Some Degrees, More Effect To Some Degrees; Dependent On Methodology) If Those Closer To The "Top" (Of Fake Power) Disintegrate & Demote. Natural Obligation Comes To Be Under Natural Law To Take Charge Of Your Own Life, To Learn & Connect More Than Ever. NITA Within Itself Is Not & Shall Not Ever Be Backed By Violence; Voluntary For Such Joining Of The Movement, However Necessary It Is For Humans To Understand The Natural Law & Ideas Itself Regardless Of NITA, To Which NITA Seeks To Get Out To The Masses In Unification For Change. If We Care For Nature & Know It To Be The Answer, Then Man Ruling Over Another Is Not The Case, This Is Nature's Domain, We Must Know The Law & Ourselves.

If We Seek To Free Ourselves With NITA, We Must Express Our True, Unique, Innate, Free-In-Nature Selves On The Mass Scale Of Disintegration & Demotion Of Slavery (Through Which Government Enforces Slavery), Whilst Integration & Promotion Of Expression (Through Which Conversation & Creativity Helps Initiate Consciousness & Morality For Freedom). We Are ALL Capable Of Understanding & Conversation; Do Not Degrade Or Underestimate Your Born Expansive & Potential-Full Nature. Licenses & Permits Are Not Of Nature, These Are Material Things Ruling Over Our Nature. Again, The Masses Contribute To The State Of The World. Healing From The Inside Out Includes The Masses Appealing To Those Closer To The "Top" Of Fake Power (Alike Informing Family "Police" Members), But Also Taking Action Within Their Own Lives (Alike With NITA) To BE The Change & Say "No" When & Where Necessary (In The Case Of Government); There Shall Not Be Dependence On Any One Another To Do The Change For Them Instead, This Is All Our World And This Is Nature's World, Not Any Government Or State. Again, NITA Is The Natural Way To Change The World Due The Use Of Our Human Nature To Solve The Manifested Problems To Which Nature Is The Answer. You May Be Among Few To Know, So Act.

Us All Together, As Part Of NITA Help Make The Manifested Force To Real Change. It Requires Work, Physical Change In Some Cases, Energy, Strength & Active Power. That Includes Strength Of Bravery & Facing Fears, It Includes Energy Of Nutrient-Dense Foods, Work Of Creativity & Passion & Destiny, Exercise, Not Giving Up, Working With Others Etc. As Long As This Force Does Not Violate Other's Rights (Or The Natural Law), Then This Force Is One That Works With Nature, As It's Intended To For Nature Is The Answer (NITA). We All Have The Capacity To Emit Some Force (And All Associated Terms), Just As We Also Do For Violence. However, Individuals Shall Choose Force Over Violence Because Of The Distinct Difference & Counter-Intuitive Nature Of Utilizing Violence To Achieve The Desired Goals (Often Results In Greater Problems). Therefore Within NITA Itself & In Showing As Being The Change By Being The Example To The World, It Should Be Principle To "Do No Harm" To Any One Another Individual Unless In The Case Of Active-Defense From Harm. There Is Never Any Reason Ever, To Commit Violence For Any Change Within NITA; It Does Not Work With The Force Of Nature (Natural Law) & It Works Against Our Own Very Nature (Human Rights). If The Government Is That Of The Opposing Agenda (Denaturing, Man's Law, Violating Natural Law), Then It Would Be Counter-Intuitive To Commit The Same Immoral Behaviors If The Opposing Agenda Is To Be Countered. Again, This Is A Matter Of Manifestation, While Not Everyone Within NITA May Follow Force Instead Of Violence (Should Be Understood, But Not Excused), It Should Be Key Priority For The Masses To Never Use Violence. By Representing & Taking Simple Human-Nature Action With NITA, You Help Make Up The Force That Is The "One Unifying Counter-Agenda" Against Those Who Do Violence (Government, Denatured Entities That Feed Off Of Willing-Nature). Defense Against Supposed "Authorities" As They Try To Hold Their Grip For Power (Shall They lose It Due To Humanity's Integration With NITA) Is Necessary During The Process Of Mass Disintegration & Demotion To Represent Resistance & Self-Responsibility & Self-Sustainability; You Are For Nature & Defending Your Own Nature, As Nature Intends. Representing NITA First (By Use Of Flag Or Creative Material, Conversation & Understanding) Brings About Unifying Mass Integration In Preparation For Mass Disintegration To Ultimately Represent Nature Itself, Living In Optimal Harmony With Natural Law But Still In The Name Of Generational NITA. Threat Of Foreign Governments From One Country Living In Alignment With Natural Law By Way Of No Government? People Come Together Again As The Force They Have Previously Acquired To Rid Of Their Own Government, While Educating Those In Other Governments.

NITA (Step 1): Mass Representation (Utilizing Flag And/Or Creative Material, Conversation) Not Falling To The Political Spectrum, Bringing Politics To Universal Nature & Knowing Generational Sustainability
NITA (Step 2-5): For Integration (Understanding For Unity) & Promotion (Natural Law, Nature) Being The Change, Working Representations Of Truth, Inside-Out (Police/Political) Education Of Real (Natural) Law
NITA (Step 4-6): For Disintegration (From Government) & Demotion (Knowing The Nature Of Statism) Ultimately Deciding To Stand-Ground For Nature, Knowing The Force (Of Masses) Outweighs Any Coming Violence
NITA (Step 4-6): Applying Force Through Necessary Self-Defense, Expression Of Self-Responsibility & Sustainability Includes Self-Defense From All Government Sources & Corporate-Technologies; Fight For Truth (Nature) Through Force
NITA (Step 6): Generational Knowledge Of Statism & Natural Law & The Multitudes Of Any Why & How Of NITA Non-Aggression Principle Etc. Living A Truly Free Society Backed By Natural Force & Natural Law

We May Realize With The Understanding Of Proportional Attractions, That As Tyranny & Slavery Is More Present In Society, The More NITA & Natural Law Is Of Need In Their Connectivity-Relationship For Sustainable & Real Change Away From Tyranny & Slavery. Therefore Then, The More Truth & Morality Is Present In Society, The Less There Is Of Need In Knowing & Utilizing Natural Law & NITA Although It Shall Always Be Of Understanding For Long-Term Sustainability & In Maintaining Truth & Morality, To Never Have Tyranny & Slavery Take It's Stranglehold Once-More (Utilizing 215' Modern Slavery & Tyranny As An Example For History To Not Repeat Itself). Alike NITA & Natural Law & True Freedom, Society (And Such "Movements") Cannot & Should Not Embrace Moral Relativism To Have Direction In Also Aligning Their Actions Toward Truth & Morality As Deemed By Nature Through Natural Law. In Other-Words, Moral Relativism May Then Be Seen As Unnatural & Of Denatured Truth (Denaturing-Nature; Being That It's Twisting Truth To That Of Our Only Our Freewill Decision). NITA & It's Share-Sheet, Shall Also Remain It's Definitive Form, For Such Is The Nature Of "Foundation" & "Principle."

Confusion Is Cleared By Way Of Understanding That Of Which Is (Truth). If The Share-Sheet IS The Foundation & Fundamentals Of NITA, Then Confusion Shall Be Cleared Via It's Guiding-Blueprint-Nature Through Conversation. Being That NITA Is Complimentary To Natural Law In Helping Natural Law Reach The Masses, Perhaps It May Even Be The Masses Within Man's Law (Thinking Such IS THE "Law") That Need This Information(Natural Law)-Transformation(NITA) The Most. If We Understand Both However & How They Relate, Then We Realize Man's Law Is Complied With Due To Fear Of Punishment From The One Opposing-Agenda (Denaturing), While Natural Law May Then Be Harmonized (Delivered, Put Into Practice, Brought To Light) With Knowledge & Understanding From The One Unifying-Counter Agenda (NITA). It's Equivalent To Asking The "Who" That Is Behind Each Form Of Law; Nature (God) Or Man?

Knowing Right, Helps Tell Us What's Wrong; Alike Knowing What's Wrong Is What Can Help Tell Us What's Right; All In Their Distinctive & Definitive Nature. While NITA Does Not Bind To Anyone, It Can Compliment Their Current Binding (With Natural Law) By Providing More Direction In Action & Further Momentum; This Is Equivalent To Pushing A Very Large & Heavy Rock (For Which The World Has Manifested Into The Form Of Chaos Or Uncertainty & A Lack Of Sustainability Through Control & Slavery Alike), It Is Best Not Done Alone & We Are All Able To Help One Another Just Alike How We Are Supposed To Help One Another Ultimately Anyways, Setting The Example of Voluntarism & Community In Nature.

Everyone Can Be Part Of NITA (No Crazy Declaration Or Initiation Necessary; Simple Representation & Action Encouraged) & Everyone In NITA Are All Of Equality, Alike Reflective To What It Truly Is In Nature. Individuals Are Encouraged To Lead Themselves & Help Guide Others. NITA Is Of ALL Individuals, Not Any One Or Few (Therefore Not One Or Few Is Also Special In Anyway, Despite More-Representative Guides); The Share-Sheet Shall Remain Static & Representative For NITA, Not The Individuals Within. Individuals Within However, Shall Be Representative For NITA To Their Choosing To Help Unify Through Understanding Share-Sheet Elements For The Necessary Requirements In Necessary Change For The Optimal & Sustainable Condition. More-Representative Guides Shall Simply Receive Greater Recognition (As They Shall Naturally), Alike That Of Which NITA Is To Do Anyways, To Recognize Actions; Such Voluntary Efforts Should Not Be Of Ego & Embraced In It. If It Is Nature That Is The Answer, The Answer To Our Actions Are To Work With Nature, Not Against It. Speaking Upon The Universal Truth Of Equality Through Morality & Truth Rather Than Pin-Picking Select Situations Will Contribute To Targeting The Greater Root Cause Of The Whole When It Comes To "Racial Inequality" So That It Is Not Counter-Intuitive Or Of One-Agenda-Divide-And-Conquer Controversy. We Are All Equal Under Natural Law, Whereas Man's Law Often Relies On Division & Inequality, Otherwise Their Power Differential Would Not Be. Unite With The Universal.

If The One Agenda To-Counter Is Of Mind Control, Then Ideally, The Goal Of NITA Is To Free The Mind. Providing Conversation & Introducing New Ideas & Concepts That Help Us Then Open The Mind Would Be Ideal To Do This, At First Glance Upon Which Such Conversations Are Of The First Steps In The NITA "Movement." If It Is Others Who Also Control Us, Then It Is Ideal We Learn How To Control Ourselves In Relationship With The Environments, As Nature Intends For The Most Consciousness. Natural Law Ties Into The Greater Scheme Of Connecting Not Just Conversation, But Action & Perception To That Of Which Helps Us Control Ourselves & Free Our Mind, Open Our Heart & Move The Gut. The Three Organs Often Act As Requirements For One Another To Be In Their Intended-Effect, Either That Of Freeing, Opening Or Moving. "The State Of" Nature, Just Is; Being That Nature Is Often Associated With Truth (Which Just Is), As Is Insinuated By Nature Is The Answer. The Government Of Nature Is Where Nature Is In Control, Not Man, However There Is No Such Thing As By Definition, No Government Can Be Of Nature & No Government Can Be Nature, Period; They Shall Not Either, Otherwise They Are In Opposition To Natural Law. By "They", Such Includes Those Who Support Any Such Government, Therefore Including "Us." NITA Speaks On Behalf Of Us Being The Change & Doing So With Natural Law To Where No Government Shall Manifest Given Generational Sustainability In The Simple Handed-Down "Message" Of The Dangers In & Nature Of Statism, With The Knowledge Of Natural Law aka THE Law. However This Message, Including That Of NITA Itself, Remains A Forever(Based On Relevance)-Mission.

Thus, You Are The Movement, You Shall Have Thoughts Of Your Own; Simply Know The Law & Don't Impose (Violence) Your Will Upon Others. Integration & Promotion Is Of NITA, Promotion In It's Latin Definition From promotionem means to 'move forward'. The mission Should Not Be Seen As "It Cannot Be Done Within My Lifetime", As All That Is Necessary For The Requirements, Is For Mass Amounts Of Individuals To Know The Natural Law Or To Have The Natural Law In Circulation & Such May Be Delivered Through Way Of NITA & It's 6-Step Speculation Encouragement-Efforts; More Effort Put In (Including By More & More Individuals), More Potential-Benefits Out (Increasingly Law Of Attraction). As Long As NITA & The Knowledge Of Natural Law Continues To Grow, Then There Shall Come A Day Where Nature's Intended Reality Manifests; However This Is Not Any Excuse To Slow Down. While You Should Not Push Yourself Too Hard, Nor Shall You Too Little.

Man Is Not Nature, Therefore Is Not The Dictator Of The Law, Nor Can Become Nature & Rule Over Anything In Nature Legitimately & Sustain-ably Without Harm Being Done. Belief In Government Constitutes The Religion Of Statism (The Biggest Religion), Which Binds Our Nature By Giving Away Our Own Responsibility To Few Who "Rule" According To The Immoral-Nature Man's Law. Make Your Moral Obligation Truth, Not To Obey Man.

NITA Comes Into Place When We Consider That Anarchy Is Simply Already Present & All Around Us, While It Is The Mind Of Belief In Statism That Keeps Us In Our Religious-Trap-Binding. Being That Anarchy Is Therefore Already Present In Nature, We May Then Infer That Nature Is The Answer, Just As, Nature Is The Anarchy. When We Look At Anarchy Through This Natural Sense, We Start To Realize The Real Definition Of Anarchy, Which Correlates To Optimal Freedom & Self-Sustainability & Self-Responsibility & Voluntarism. Therefore, It Is The Goal Of NITA Being The One Unifying Counter-Agenda To Help Individuals Understand Anarchy As Through The Lens Of Nature Being Of Positive Expression For Freedom (External Anarchy), While Statism As Through The Lens Of Nature Being Of Negative Expression (External Monarchy). The Very Nature Of Statism Is Counter-Intuitive To Nature, Equivalent To Saying Humans Have No Power Over Their Lives When It Comes To Certain Conditions & That They Don't Have To Or Should Not Use Their Human Nature, By Choice Of Man Acting As God (Nature). It Would Be Counter-Intuitive For NITA To Not Speak Of Natural Law, Being That Natural Law Is Of Nature & Ultimately Governs All Of Humankind-Actions, For Which It Is Action NITA Seeks To Create. If NITA Has Objectives, NITA Must BE Objective; Such Stands For Reason Why Natural Law Is Essential, Just Alike Nutrients Essential To Live. Do We Seek Nutrition? (Conversation) Are We At Least Getting The Essential Nutrients? (Living Our Own Lives As Best With Natural Law) There Is No Magic To This Matter, For THE Law Is One Thing We Are To Certainly Know, As Is. Especially In A World Of Slavery-Manifestos, We Ourselves Must Help The World Realize The Freedom(Nature)-Manifesto. Nature In NITA, Is Often Considered The Better Terminology (And In Appeal) When Referring To Anarchy & Creation. It Is Ultimately Your Moral Obligation To Free Yourself From All Forms Of Slavery & Go To Nature (At Mind & Sensibility; Live In Harmony With Nature's Laws), No Matter What Other Moral Obligations You May Have. It's The Understanding About Government That Makes Individuals Title Themselves As "Anarchists" Despite Just Being Humans Who Don't Believe In An Unnatural Force Of Violence. It's The Understanding Of Natural Law & How "Voting" & Other Related Statism Activities Does Not Correlate To Change By Any Definition Or Attraction & It's The Expression Of Human Nature That Many Individuals Within NITA, Want To Help Bring & Inspire In Others. If You Want Freedom & Nature, As We Are To Love & Literally, You May Be An Anarchist, But Your Simply Human (No Title) & Know To Some Extent That NITA; Stay Not In Your Echo-Chamber, Help Free Your Fellowmen Out Of Care & Moral Obligation To Do So.

You See The Counter-Intuitive (Elitist Play On Irony For Control) Ideologies Again When Looking At Religion & Politics & Police Etc., For Religion Is To Be In Touch With "God", Yet Most Don't Even Know Nature's Own Laws & The World Itself Created, Even Though It Would Be In Helping Our Understanding Directly Of Such God & How We May Live In Greater Harmony With Such God; "Politics" & "Police" Is Supposed To Help Teach The Law Yet They Aren't Enforcing Or Even Know The Real Law Being Natural Law, Such Systems Is Based On Non-Objectivity & Opinion.

NITA Shall Encourage (By Way Of Example Showing Action & Inspiration) Individuals Facing Their Fears, For Such Is The Only Way Society Will Rise & Create New Heights From Bravery & Achieving What Is Long Desired Of Human Nature & Ultimately, Nature. The Fear Of Chaos Is Often Simply Excuse For That Of An Individual Not Able To Become Self-Responsible & Self-Defend & Take Charge Within Their Own Life & Of Their Own Property. Imagination Is Of Potential, Not Simply Freedom; Such We See When We Are Born Into This World (For Which We May Learn From The Most), Where We Are More Pure Yet More Vulnerable. If It Weren't For Imagination, With Potential & Freedom, Creativity Would Not Be As Existent Within An Individual; If Fear & Limitation Was Always On Their Mind, They Would Be Afraid To Essentially Create Despite It Being Within Their Nature To Create, They Instead Are Embracing The Stressing Agents Of Life (Hence In Health, Staying In "Fight Or Flight" Mode). Again, Without Consistent Creativity, NITA Will Not Prosper In It's Methodology Of Getting Out To The Public World, The Conversation Of Necessary Ideas, Such For Nature & Natural Law; If It's A Different Condition We Desire (Of Freedom, None The Less), Then Setting The Mindset With Potential, Freedom & Imagination Itself Will Then Set The Stage To Each Step Of The 6-Step Speculation. To Imagine A Better World, Is To Also Have Hope, When Realizing The Benefits That May Come About For That Which We Don't See In The Current Reality. If Fear Got In Our Way Of A Necessary Duty (Moral Obligation), Then Worse May Come If We Cannot Overcome & Embrace Such So That It Actually Helps Prepare & Push Ourselves To Do Better. Realize That This Whole Life Is The Real School, This Is All A Test Of Will; If Natural Law Holds Strong, Which It Does, Will You Too & With What? Nature Itself, Perhaps, NITA. Do Not Let Greater Harm Manifest To This Beautiful World Of Nature & Human Character.

Nature Is Quite Dangerous Within Itself, However One Cannot Deny That It Is Also Very Peaceful & Breathtaking, That We Are Interconnected With Nature & By Simply Increasing Our Simple Living-Factors, We Can Make It Out To Be Very Self-Sustainable & Self-Reliable. Nobody Should Shame Order-Followers, However Such Order-Followers Must Learn & Recognize Their Own Very Nature Is Not To Do So, For Utmost Optimal Sustainability & Abidance To Natural Law. Statism May Be Made Equivalent To Slavery In The Sense Of Long-Term Understanding; Indeed Such Religion Goes Back A Very Long Time & There Does Not Exist Any "Movement" To Tackle Such Religion & Without Creating A New Religion, For Which NITA Seeks Not Because There Is No Belief Requirement, NITA Is Simply A Fellow Tool & Representation Of You & Nature Which Goes By No Titles. In The Opposite Sense Of Authority & Slavery Being Necessary, Individuals Within NITA May Then See Nature As Being Necessary & That It's In-Nature Must Continue. As Too, Then Includes Both NITA & Natural Law As Being Necessary To Continue On Through The Generations To Uphold The Reasons Of "Why" & "How" Such Systems Come To Be & How We Ourselves Are A System That Must Be. As We Know By Negative Expression, Violence & Slavery Is Enforced By Government & Statism, Resulting In The Very Harm & Chaos They Deem To Prevent By Belief; To Then Blame The Citizenship Not Helping The Elitist Structure (One Way Or Another) If Such Harm & Chaos Comes. Natural Law Speaks Upon Objective Truths, Such As The Very Nature Of These ideologies, Therefore No Belief Is Required, Only The Alignment Of Actions Based On Knowledge; Alike That Of NITA, When It Comes To Spreading The Message (Natural Law) As Mission (You As NITA) Through Different Required Methodologies (Knowledge; Includes Unity Of Understanding For Change). NITA, Alike Much Of Anything, Is Best If You Yourself Can Judge The Right & Wrong Actions Within, For NITA Cannot Constitute This, The Natural Law Already Does; You Shall Not Follow The Orders Of NITA, You Shall Simply Understand The Order Of NITA (6-Step Speculation) & It's Material-Methodology-Reasoning To See How You May Further Advance Your Own Creative-Actions & Efforts In The Journey Of & To Life (Nature).

Statism-Slavery Will Always Result In Harm, Especially Mass Amounts (Far More Than Any Trivial-Aggression Found Living In Intended Nature) Due To The Mass Amount Of Individuals Following Statism (To Be Equivalent To That Of A Denaturing & Dehumanizing Belief); We All Are Partly To Then Blame. Even With Such Recognition, Not Bringing It To Others (With Recognition & Mass-Efforts Of NITA) Can Be Blamed Due To Being-Able To Prevent Causality Yet Not Acting Upon It. In The Truth To This Situation, NITA Starts & Continues With You & All, Every Individual is Essential.

We See How Powerful One Individual Or Many Can Be; So Let's Actually Use It For An Innately-Righteous Cause. Drop The Politics & Denatured Systems, Fight (Through Way Of Understanding With Masses & Maintaining A Life-Force Not Of Violence) For Truth & For Nature Itself. Government In It's Nature, Gives Way For Mass Murder Due To it's Concentration Of Power That Such Individuals Don't Actually Have In Nature. Individuals Shall Take Responsibility For Their Misunderstandings & Move On For Greater Understanding, Perhaps Also Knowing There Are Communities Alike NITA & Individuals Around To Support Them; This Often Also Speaks Upon Having More Of An Open Mind & Heart. With Understandings Made, Then The Gut Should Be Used Righteously, To Awaken The Fellowman & Take Charge Within One's Own Life In Different Ways, Which May Also Have The Help Of Others (If Not For Others, Self-Efforts Teach Us More, So Do Your Best). Again, There Is No Excuse That Makes A Wrong, A Right. If All Systems Are Innately Evil Or Inevitably Lead To Evil, What Will Stop & Awaken This Process Through Way Of Understanding Through All The Generations? NITA, Nature Is The Answer, Government & Human-Control Is Not.

We Are Lying To Our Own Nature If We Act Like We Actually ARE The Government Just Because We Comply With Their Acts (Deemed Certain Governments Dividing Humanity By The Nature Of It's Inception By Man, Despite All Being Funded & Networked By International Bankers); Self-Governance Of Each Individual's Own Is The Real Government In Nature. NITA Is Actually Something You Are A Part Of For Once, Something That You Literally Help Create In It's Nature (A Leader & Follower, Simply A Human), Unlike Believing In History (From Books Written By Propagators & Winners Of War) Which You Were Never Alive To Actually See For Yourself. Special Uniforms Do Not Magically Grant Rights Over Life & Property Of Human Beings; A Special Flag Doesn't Do Anything Without Someone's Voice Behind It. We Don't Need Any Catastrophe To Change The World, We Shouldn't Want One To Do So Either, This Is All About Saving Lives & Reducing Harm. It Should Not Be Hard To Have A Neighborhood & Tight-Community & Reliable Family & Plentiful Nutrient-Dense Foods. We Cannot Keep On The Cycle Of Harm By Statism. Again, Taking Responsibility Is Actually Being The Example For The World Desired Of Nature, A World Of Responsibility & Accountability For Sustainability. All Shall Receive What They Put Work Into; For What We Know, The Governments Of The World Have Put Much Work Into War & Drugs, Both Of Denaturing & Dehumanizing. The End Of Tyranny Is Deserved, However The Prevention Of All Tyranny Is More Deserved & That Includes The End Of Statism, Those Who Allow & Actually Push Tyranny, However Deceived Due To The Nature Of Such Denaturing Forces. To Be Moral Is Not To Follow Orders. To Be "Smart" Or "Nice" Does Not Include Just Accepting Everything That's Given; One Must Stand Up For ALL That Is Moral & Objectively True Shall They Wish To Be A Fully Moral & True Human Being In Alignment With Nature, Shall it Be The Answer As It Is. If It Weren't For The Millions That Ever Supported Any Elected-Official, Such Official Would Never Be In Their Supposed Form Of Self-Presumed Dehumanizing "Power." The Truth Is painful Just As Freedom Is Dangerous, But Again We Learn From Such; Will Humanity As A Whole Ever Learn? Such Is Why NITA Seeks To Educate The World Through Conversation Of Such Knowledge & Understanding (Overall Increase In Consciousness). The "Revolution" Or "Awakening" Or "Change" So Many People Often Speak Of, Is Just This Simple; Will They Themselves Care To Put The Work Into It? It's Simple Conversation & Education, With Alike That Of NITA To Help Spread This Message As Mission. Painful Natural Truth For A Beautiful Nature Away From Human-Made Mass Pain & Confusion.

Will You Choose The Right Actions Over Wrong? If You Are In A Position Upholding Some Wrong, Will You Integrate With NITA & Raise Awareness Around The Cause & Natural Law To Highlight The Wrong To Disintegrate At Once Without Shame Or Controversy Or Troubles? Do Not Avoid Responsibility, As Such Is The Definition Of Cop-Out; Be Of The Real Enforcement, A Human Living In Accordance & Teaching Others About The Natural Law. The Nature Of All Matters, Matters Most, For The Nature May Be Seen As The Root To The Understanding (Hence It's Relativity To Definition & Creation). Just As You Cannot Undo Right & Wrong, You Cannot Magically Believe In Something Therefore Making It Right Or Wrong; While It Can Manifest Given Certain Supporting Conditions, It Also Doesn't Mean It Is Of Actuality In Nature To Be Of Sustainability & Of No Rebound (Especially Noticed Long-Term); However Such Matter Is Important When Regarding Worldly Affects, For Which Statism Is Surely A Manifested Cause Rooted In Deception (Of Denaturing) For Creating Manifested Effects Rooted In Harm (Of Denaturing). Man Should Not Be Nor Try To Be God, No Matter How Much He May Convince Himself; Alike, It's A Childish Assumptive-Dream To Assume They Can Justify "Ruling The World" & It Is Also Psychology & Knowledge Of Nature (Including Natural Law, Possible Landmarks) Being Kept Away From The Public In Order To Control Them & Understand How They May Be Controlled (Manipulation; Treating Us As If They Have The Right To Rule Since A Small-Child In Denatured-Education While We Treat Them As If They Do Have Such Right & Shall Look Up To Them To Do All That We Wish To See In The Manifested World). Denaturing Is The Question For Nature Is The Answer, Such is Why Humans Are Also Of Question, Being That Most Of The Problems We See Are Human-Made Manifestos. Nature Will Always Have It's Wrath & Ruin Too, But With Our Added Inventions & New Manifestos, We Put A Greater Load Of Responsibility On Our Behalf; Governments Will Use Such Load Of Responsibility As Excuse For Their Control In Different Scenarios (These Responsibilities, Some Of Which They Themselves Created & Keep For Themselves For Dependence & High-Ground), Or Even The Wrath Of Nature Itself, However Humanity Simply Living More-Directly With Natural Law (Without Statism) Does Not Need Any Foreign Caretakers To Deal With Problems That Could Be More Of Natural Manifestations With Increased-Preparedness (Due To Having Preexisting Self-Responsibility Conditions) Communal Efforts (Inevitable Rise In Technology & Innovations, Centralization However Lessened Therefore Ridding Of Harm In Such Inevitable Rises; Innovation As A Whole Actually Increased Due To Freedom, Therefore Also More Solutions & Alternatives, For More Variety & Less Centralized-Consumption As Well). In Other Words, We Should Question What Is Denatured & Why (Alike Human Beings At Every Level & Statism As Prime-Connected Culprit), Then How Do You Bring Such Back To Nature (Acting Upon NITA), Knowing Nature Is The Answer (Recognition Of NITA) To Both Questions. Only You Make Your Choices In Life, This Is The Great Power Of Human-Freewill, Power That Again Could Be Used For Good Or Bad Through Your Choices; While Knowledge Is Power, Do You Not Only Have Knowledge Of Your Choices, But Power Itself & Knowledge Itself Too? Such Is How One Gets To The "Nature" Of Any One Thing, It's Questions Deducing To The Root Cause. Make A Legacy For The Generations In Time, Make The Generations Ahead Proud Of Your Existence By Fighting For The Long-Needed Truth. NITA Is Made For Such So That Way We Can Reflect Generation After Generation & That Way We Can Learn How We Transitioned Out Of Any Such Mess & With The Universal Principles We Shall Always Have Anyways Kept In Circulation. Live Your Days Doing Your Best, Right? Don't Regret Not Taking Action Later In Life, You Are Judged By The Contribution; Let Others Help You, Make History Anew With NITA & Your Human-Nature To Create. I Didn't Want To Have To Make Any "Movement" With A Flag & Special Motto, However It Is My Moral Obligation & Coming To Be, Responsibility To Bring Information To Others. You Are One To See This & Know Such Knowledge When Many Others Do Not, So Don't Sit Upon It, Bring It To Others & Have Help With Others Who May Be In The Same Boat, We All Have The Ability To Give (Question) AND Receive (Respond; Answer). Do You Answer To An Ever-Present Nature Or Distant Belief-Dependent Man? Upon Giving Up Essential Liberty To Purchase Safety, Claims Have Been Made By "Government" Time & Time Again In The Name Of "Security & Peace" Relying On Your Belief Just So They May Actually Trample Upon Your Human-Natural Rights More (Alike The "United States" "Patriot Act", Which In The Case Of Statism, May Literally Mean Compliance-Giving-Way-To-Intrusion). Such Proof To That Of Not Giving Up Liberty, Gives Evidence To That Of Self-Responsibility For Each Owns Safety For Freedom; To "Deserve Neither" Liberty Or Security If Liberty Is Given Away For Security, Is Indeed The Case Because It's Foolish To Say You Cannot Defend Yourself When You Are Fully Capable Of (And Are To Do So By Self-Defense Principle & Force), Especially With The Freedoms To Do So (And In Actually Keeping Freedom).

Such Is The Nature Of The Disintegration (No) & Demotion (Continuing To Say No) Within NITA, Hence Contributing To Both The Message (This Case Saying "No" Because NITA & Natural Law) & The Mission (Helping Others Say "No" Because NITA & Natural Law, & Upholding Through Generations With NITA). If There Exists Objective Morality, It's In Our Power To Be Objective With Decisions That Determine If Harm Will Be Done In Anyway (Saying No To Fake Authority, Government & Statism). The Requirements As All Discussed, Will Bring The Accordingly Effect (Integration To Nature) Into Fruition If Most-To-All Individuals In Humanity Have These Requirements Within Their Own Lives (6-Step Speculation With NITA), Which is To Ultimately Say "No" For Themselves & Start Leading Themselves As Nature Intended. The Excuse For Not Doing This Is A Lack Of Connection & Understanding Of Nature, Hence A Lack Of Knowledge & A Lack Of Self-Power, Despite The Self (Human Nature) Being Where Power Actually Belongs; NITA Holds True For Worthy-Requirement.

The Determinable-Nature For The Great Work Of NITA For Natural Law To Go Into Effect, Ultimately Depends On Ourselves, Just Alike How Government Depends On Us; So We Choose, Nature (Includes You) Or Government. Does It Include Effort, Dedication & Persistence? Indeed, Such Is Why It IS The Greatest Work Of All & NITA Is Generational Not Just Upon The Work's Completion & Maintenance, But It's Building & Creating. Being That You Likely Hear Or See Or Read This In A World Of Slavery, The Great Work Of NITA Depends On You & You May Emerge As A Leading Guide, The More Effort You Put Into This Rooted-Cause; NITA May Seem Completely New To Individuals, But Little Do They Know How It's Simply In Recognition Of Their Human Nature To Do As It's Intended: Express & Become Responsible & Create & Self-Heal.

Once You Get NITA Going & In Circulation Within Your Own Community Or Neighborhood, There Is No End To It's Rooted-Intentions & The Discoveries & Connections Made May Reap Many Benefits, Especially Always Long-Term For Nature (To Keep In Mind Due To Objective-Moral Action-Alignment); Again, Representing NITA Is Not Enough, It Is Dependent On Your Human Nature Of Explanation & Provoking Thought; As Your Actions Make Up NITA, NITA Is Simply Representative Of Your Actions & Your Actions Go Through Natural Law As Detailed On The Share-Sheet Having At Least Somebody To Keep You Going, Or A Community Of People Will Make This Work Far Easier, In Continuing To Spread A Universal Message Upon Universal Truths. Clearly The Positive Expression Effect Of Natural Law Being Cast Upon A World Indulged In Slavery & Negative Expression, Requires A Quantum Shift That Is Not Specifically Explained By Natural Law However Much Natural Law May Help Define Those Specific Actions & That Quantum Shift Itself Has Requirements. Such Specific Quantum Shift Actions Depend On You Utilizing Your Consciousness To Decide The Right Actions Based Upon The Natural Law, Therefore Although Natural Law May Then Require NITA In This Sense (Indirectly), NITA Requires You & You Have Specific Requirements Within Your Given Environment In Order To Optimize It & Help Contribute To The Great Work. It Is For You To Ultimately Figure Out, But Such Is Why NITA Also Stands As A Foundation For A Supportive-Community To Share Helpful Action-Oriented Resources Even If Not In Real Life (Although Encouraged & Forever Encouraged; Internet As Long As It Exists Shall Always Be Complimentary To The Focused-Real-Life). The Amount Of Effort & The Amount Of People May Be Seen As Hand-In-Hand Within NITA, As We Are To Be Hand-To-Hand There For One Another (Natural Transition Due To Utilizing Human Nature As Intended; Simply Using Extra Efforts For A World In Requirement Of Such). The 6-Step Speculation Itself Amounts, Alike A Staircase, To Which The Mass (Aggregate) Must Be Increased For A Step Ahead, Where A New Stage Sets-In Before The Next Until The Final Stage (Most Mass In This Case Correlating With Most People); Therefore Each Step Is Also Just As Important As The Next. By Also "Doing" The Great Work, Includes Living In Harmony With Natural Law & Therefore BEING The Change They Wish To See. As NITA Itself, Is Representative For The Principle Of Correspondence, Putting NITA Into Practice Is That Of Which Creates Correspondence If Individual Change Is Amassed To Naturally Change The World. If Numbers Of Individuals Are Required & NITA Is To Seek Out Those Numbers & Help Unify All Such Numbers To Integrate & Promote (Life), To Also Disintegrate & Demote (Evil), Then NITA Is Required. A Shifty Turn Is Most Smooth When All Around Also Shift.

The Individual 6-Step Speculation May Be Seen As That Process One Must Go Through For Themselves In Understanding The Knowledge & Applying It To Their Life; Therefore Then It May Also Be Seen That Such Is The Great Work, Whereas The True Great Work Is When You Are Able To Bring It To Others For The Greater 6-Step Speculation; Again Here You See The Correspondence, From Individual To NITA To The Masses & At Repeat, However With Nature Midst Each Step As Such IS The Correspondence To Any Question (NITA; Understanding).

We Are To Stand For Nature, In Ultimately Ridding Of The Most Evil-Dominant & Manifested Force Called Statism, By Educating Our Fellowman & Creating Respectful Conversation. It Is Important To Not Be Counter-Intuitive To The Cause, For Appeal; Most Appeals Should Also Be 1-0n-1 For Individuals Speaking To Individuals Instead Of In Masses, However Such Mass-Messaging Can Still Occur; But One Must Know The Personal Touch (Bio-Individuality) Is Greatly Desired. Indeed, Everyone Is At Different Stages Within Their Own Life, Aside From The Stages Of Any 6-Step Speculation. Taking A General Collective Look At Society, We All Have Contributed To The Mess In Someway, Especially If We Were Raised In Any Denatured-System That Relies On Belief. Statism Should Again, Be Referred To As A Denaturing & Dehumanizing Force, Due To It's Immoral-Nature, Natural Law Violation (As Stated In The Share-Sheet, Nature Of Man's Law) & Promotion Of Slavery (Such Stands As Reason For Disintegration & Demotion With NITA As To "Abandon Religions" Or Denatured & Limiting Belief Systems, A "Movement" All Can Actually Be A Part Of & Is Rooted In Universal Nature).

The Small Remnant Of People Who Adhere To Objective Morality Shall Not Remain Small, But Such Relies On Such Small Having A Foundation & Structure Never Introduced Before To Unify & Bring Others Together Through Appeal & Transition & Integration Aspects Alike... Such IS NITA. Indeed, Never Ever Introduced In Such A Compendium As It Is Now, Individuals Shall Be Guided By This Connect-Ed-Knowledge & Connection (Of All) To Take More Action & Bring Say To All Matters In Delivering The Most Rooted Cause-Cause (NITA). To Stand For It, Means By The Force, It Is To Hold Strong, With Bravery & Courage Against All Decay; To Simply Use Human Nature In A World Where It Is Less Used, To Recognize & Harmonize With Nature In A World More Detached & Disconnected. See, Individuals Generally Know Something Is Wrong; Therefore Seek The Appeal, The Answers Are Inside Them & Within Nature Alike.

We See The Inner Demons Consisting Of Ego, Therefore Left-Brain Imbalance, We See Emotional Control, Therefore Right-Brain Imbalance, We See Is Also Fear As We Know Is The Most Limiting Factor To Human Psychology. No Real Change Can Occur If Individuals Cannot Back A Rooted Cause & Consistently Doubt Themselves Or The Cause Or Have Fear About It & Going About In It. Our Minds Set The Stage, But They Shall Not Set The Whole Stage; What Stage Is This On? (6-Step Speculation, Grounding, Focus, Persistence) There Exists Many Distractions Within Society, Or What Some May Also Call Illusions, Do We LET These Distract Or Ill-Use (Symbolically Disease-Manipulate) Us? If Not For Ignorance, It Is Thinking That Some Knowledge Is Actually Useful; However It Is Not If It Isn't Of Rooted Nature & Common Or Practical Useful Nature Or Common Sense & Trivium-Like (Or Quadrivium) Problem Solving. For All These Reasons, We Must Help One Another (With NITA) & Be Willing To Teach & Learn (Always Some Extent Of BOTH). We All Have Potential & There Is Much Knowledge To Grasp, Will We Use It & For What Greater Good? Is It Of Objective Good & Intended Living In Nature Or Some Man-Made Fantasy-Utopia? Ignorance Is What Caused This Mess, And So No Ignorance Will Fix The Mess. Good-Intention People Will Fall To This Yet Not Realize The Harm They Are Ultimately Doing To The World For Letting Evil Pass Through All Aspects Of Nature. An Individual Who Has A Heart, Who Cares, Who Has A Brain, Who Seeks To Know, Who Has A Gut, Is Willing To Act; Such is The Truly Good-Person Who Does What They Best Can Of Their Given Nature For The Great Positive Manifestation Of Nature & All Beings Within To Reduce Harm & Death & World-Wide Suffering. No Matter How Much One May Seek To Appeal, The Other Individual May Be So Close-Minded To Even Care (Brain Constricting Heart). Even With No Matter How Much One May Seek To Learn, Such Individual May Be So Absorbed To Even Act (Brain Constricting Gut). No Matter How Much One May Care For The World Around Them, Such Individual May Be So Much In Touch So That They Live In Fear & Cannot Stand Up In Taking Action (Heart Constricting Gut). No Matter How Much One May Try To Get Out There & Do This Work, Such Individual May Not Have An Understanding Upon Appeal (Knowing Mindset & Having Simple Knowledge) So That They Are Getting Out There Without An Actual Rooted-Message Or Creative-Community, Doomed To Fail Despite Best Efforts (Gut Constricting Mind). You Get The Point, All Of Nature Is To Work Together & NITA Utilized Through The Great Work Particularly Solves The Gut Situations. The Brain Is In Control Here, Not The Heart & Not The Gut, Otherwise Individuals Would Care To Act & Stand Up For Themselves & Not With Fear. Truth Itself Is At War (As Said In Its "Nature"), So Which Side Are You On If You Are A Living Being Of Life, For Which Life Is Promoted With Truth (Alike Healing With Essentials For Life & Living)? If The World Lives In Harmony With Natural Law & Nature & Truth, We Will Be Not Only Less At War With One Another (And Ourselves), But Will Truth Hit Us Less Dangerously By Realization (Karma, Learning From Dangerous Experience; Therefore, Will Life As A Whole Be Less Dangerous In Potential)? Also, Just Because One Does Not Seem To Fit Any Mental-Image Of A Messenger, Doesn't Mean Their Message Is Unjust In Nature, Or That They Don't Have A Mission Worth Of Consideration; Remind Individuals The Honest Truth They May Even Feel (As Speculations) To Help Clear The Air & To Help In Your Appeal. Remember, This All Comes Down To Ourselves & Nature, We Must Not Disregard Or Downgrade Both, For Both Of These Are Intelligent & Full Of Learning & Potential In Manifestations. You Are Of NITA.

We Are To Simply Be On The Same Page As To The Right Direction & Actions & The Enemy We All Must Be Facing (Statism & Lack Of Humanity & Lack Of Nature) To Secure A Sustainable Future With Optimal Peace By Living In Highest Harmony With Natural Law. We Must Defend Her, She Being The Truth & Mother Nature; Her Blueprint To Life & Intuition Of Care Wants To Nourish & Nurture Us, However We Must Be The Ones To Take Action On Her Behalf (Sacred-Divine Masculine With Sacred-Divine Feminine). If We Are Destroyed, It Is Likely That She Will Feel It Too; We Should Care For All Of Life, Including The Very Fundamentals To This Life (Mother Nature, Natural Law, Human Nature Intended-Living-Factors Such As Love). It Is True, We Are Not To Offend Or Actually Bring Anything "New" Into Existence, We Are Simply Recognizing Present Truths & Defending Such & Defending Nature As It Is & Is Meant To Be. Positive Outcome Is Possible & We Have All The Potential To Make It Possible, Especially While We Still Have A Mostly-Working Human Nature (Due To Denaturing Mental Ailments). If Each Individual Is Important Within NITA, It Shall Be Priority To Be There For One Another & Care To Help One Another; This Of Course Isn't Required, However It Is Encouraged For Accountability & Guidance Away From Any State Of Slavery (Across The Whole Body). Courage, Persistence & Bravery Go Hand-In-Hand, Just As NITA Is To Be Hand-In-Hand With Our Efforts To Further Represent A Cause To All Around Our Living-Spaces. As You See, The Truth Is Worth Fighting For By All Odds & It Is Our Duty As Human Beings To Do So; Therefore It Is In Our Nature To Protect Nature & We Shall Use Our Nature To Ultimately Do So. This Or Any Generation Can Be The Generation Which Changes The Entire World For The Actual-Better, That Of Which Is With & For Nature.

Freedom Is The Ultimate Goal Of All Goals, We Want To Simply Live Life In Peace. For Such A Simple Desire, Of What Should Be An Already-Present Condition, We Must Persist In Detailing This To Others In Their Own Lives & In Detailing The Freedom-Opposing Factors (Statism, We Who Let Evil Permit, We Who Don't Understand Morality). Indeed, NITA Must Do This & Is The Unifying-Blueprint TO Do This For A World-Wide Awakening Of Starting (You), Persisting (Generational, Never Giving Up As The One Agenda To-Counter Doesn't Either) & Going All The Way (Natural Law Fulfillment To The Extreme Of True-Anarchy-As-Nature; Includes Merging Your "Way" With Others & Sharing Such "Way" With NITA To Increase The Paved-Path). We Are The Vehicles For Truth To Operate, Just As We Are Also The Vehicles For NITA To Operate, As Is The "We" For Unity Of Understanding; Change Depends On All Of Us However & Not NITA Alone. Feelings Don't Matter Here When It Comes To Truth & The Truth Waits For Nobody. These Are Times That Test Us, Will We Truly Learn & Share Such Learning For The Generations To Come? See The Potential, Live Your Best Doing Your Best, Be The Best Example & Don't Be Afraid To Escape All The Denatured "Boundaries" For The Glorious & Beautiful Nature We Must Uphold; For The First Time, Our Very Nature(s) Are Compromised (Very Ability To Think, Technology, Nature's Resources Depleting, Mass Pollution), We Must Do What We Can NOW Before The Great-Potential Of Harm Manifests More; Focus On Ridding Statism By The Natural Law & By Adding In Our Natural-Connection, Such Is The Domino-Effect To Heal All Of Life Holistically.

How Do You Contribute To The Cause, Where Unification Is REQUIRED For Change? Where Understanding Is NECESSARY For Unification? Where Mass-Amounts Of Individuals Are NECESSARY For Change?

If You Observe & Know Of The Persistence & Courage Done For The One Agenda To-Counter, We Should Want To Come Back With Even Higher Persistence & Courage With One Other As The One Unifying Counter-Agenda While The Dark Ages Grow Clear, The Direction Out Of Such Should Grow Clearer, Shall We Seek To See It Then Act Given The Natural Law Is The Path & NITA Is Your Part-Taxi, It Is Ever More Possible, As I Am One Fellow & You Are Another, One Plus One Is Already Double The Power Of Knowledge & Action & Care.

The Whole Idea Of Living Our Lives In Peace, Lives In The Idea That We Should Not Try To Be Nature (God), That Instead We Shall Understand & Abide & Harmonize With Nature (God). The Ego Let's Go Of Care, We Should Care To Get Rid Of The Ego-Based Structures Within Society (Police, Government) If We Truly Care, Through Way Of Personal Belief (Ridding Of Statism). Such "We" Already Rids Of The Ego, For We All Are To Own Ourselves As We Do & Should In Nature, Therefore NITA Shall Set The Example For The World & Set The Stage (Through Each Step Of The 6-Step Speculation) To Transition & Save & Change The World To The Most Optimal & Sustainable Condition It May Ever Live; However Knowing That NITA Lives With Us, It Lives As Recognition Of Us & As Recognition Of Nature & Natural Law. Just Because You May Not Understand Doesn't Mean You Can't Ever, Everyone Learns In Different Ways, What Way Is Best For You? Make The Best Of Your Own Environment, So We All Can Be The Living Examples Of Truth (Health, Beacon Of Light). It's The Brain That Must Be Configured (With Heart & Guts Of Especially Those Who Have Escaped The Brain-Matrix), It's The Set-Software That Was Placed, Perhaps Since Birth, That Requires A Total Awakening; Indeed, Not A Rewiring, But A Simple Utilization Of The Given-Born Nature To Heal Itself & Know Itself & The World Around (Consciousness).

If Most Movements Are Contributing To Negative Expression (Divisive), How Can NITA Contribute To Positive Expression (Multiplicative)? Dividing ALWAYS Lessens Progress (Numbers) Toward Negativity; Multiplying Will Increase Progress (Numbers) ONLY With Positiveness Therefore, We Need Multitudes Of Individuals With Positive Expression, To Multiply & Therefore ACCELERATE Progress In The True Great Work To Multiply, Includes REPRODUCTION In Teaching This Knowledge, Therefore Also Contributing To The Generational Blueprint Of NITA Reproduction Includes In The Offspring Of Human Nature & Of The Knowledge-Presentation-Representation Itself.

To Add (Join, Positive) Is To Attain Sum (Quantity; Steps 1-3 Of 6-Step Speculation), To Multiply (Grow) Is To Attain Product (Result; Steps 4-6) Both Are Essential (And Essentially Connected) To The Progression Of NITA Nature, Always With Us, Always For Us. We Have An Extreme Problem Of MUCH TALK, NO ACTION; Just Start Small Steps!
